2015/2016 ONN SNAPSHOT
NETWORK ADVANCES
A Look At What We Accomplished Together
Approaching our 10th anniversary, ONN is at a pivotal stage in its development.

Using our network approach, we worked alongside more nonprofit organizations than ever to affect policy important to the nonprofit sector.

We also showed strength in numbers when it comes to strategies and services that help nonprofits better serve their communities.

The support of our members and network makes this work possible. This past year demonstrated just how much we can accomplish when we work together.

A LABOUR FORCE STRATEGY FOR ONTARIO'S NONPROFIT SECTOR
In the first phase of our Decent Work project, we released the ChangeWork Report that introduces a framework and identifies the ways in which our sector can foster conditions for decent work.

In the most recent phase of the project, we launched a four-part video series to continue building momentum for a sector-wide approach to labour force development.

We published our Shared Platform Guidebook to help nonprofits navigate this innovative model for emerging projects that fosters collaboration.

We continued our work toward a Sector Driven Evaluation Strategy, identifying the key issues through a variety of resources including, a literature review, blog posts, and comics.

We worked with the sector to share tools and resources (webinars, podcasts, videos, and infographics) to help our sector integrate accessibility into its culture.

We published a variety of key resources, including the Rural Vitality Infographic and two Rural Social Enterprise Constellation reports.
POLICY HIGHLIGHTS

NONPROFIT SECTOR PENSIONS
We mobilized a Pensions Task Force and secured a seat for nonprofits on the Provincial Government's Ontario Retirement Pension Plan business advisory committee.

FUNDING REFORM
We continued our work to improve provincial funding practices with the Joint Funding Reform Forum and co-led the design of principles to guide Ontario's transfer payment modernization. This led to the introduction of a common registration system and several pilot projects to reduce the administrative burden.

POLICE RECORD CHECKS
This year, Ontario passed the Police Record Checks Reform Act. This was a milestone win for our sector, as well as ONN and partners that had advocated for the legislation.

COMMUNITY HUBS
We collaborated to develop the idea for a new streamlined transfer payment agreement for community hubs, leading to an Open Government design lab on this issue in spring 2016.

COMMUNITY BENEFIT AGREEMENTS
We worked with nonprofits and other allies to successfully advocate for the inclusion of a “community benefits” principle in Bill 6, the Infrastructure for Jobs and Prosperity Act.

ONN POLICY PRIORITIES
We published our policy priorities to keep our network and the sector engaged and up-to-speed on our policy work, thinking, and direction.
We are thrilled to be residents and colleagues at Foundation House, a thriving space where diverse perspectives convene to do more good together. We strongly believe that sharing space can be a great way for nonprofit organizations to not only pool resources but create synergies, shared learning, and collaboration opportunities.
